CAMP SIMCHA is the foremost kosher camp for children with cancer. Overlooking a beautiful lake in the mountains of New York State, Camp Simcha provides incredible joy and happiness for children of all ages. Behind the whirlwind of fun, some of the world's most noted pediatric oncologists care for our children, watching over every aspect of the program. The entire season, including transportation, is provided at no charge to the families.

**Our twentieth season (summer 2006) runs, jumps and dances from July 12 to July 24 for girls and August 9 to August 22 for boys.**

THE CAMP DESIGNED JUST FOR YOUR CHILD...

# CAMP SIMCHA SPECIAL

Until now, there's never been a camp designed to meet the medical and social needs of children with serious chronic and lifelong illnesses, genetic diseases and those who might have physical disabilities caused by their illnesses.

## **Until Camp Simcha Special, that is.**

Camp Simcha Special, now in its sixth year, is a magical place for children whose medical needs would otherwise make it impossible for them to enjoy a summer camp experience. Behind the whirlwind of joy and fun for children ages 5 to 20 is a complete and experienced staff of medical specialists in serious pediatric illnesses supervised by Stuart Ditchek, MD, renowned pediatrician and author. Our counselors are carefully selected and highly trained to make sure that every child has a great experience at Camp

Simcha Special. The staff to child ratio is at least 1:1, depending on the needs of each camper. The entire season is provided at no charge to participating families. Complete and partial transportation subsidies are available.

**Give your child summer memories that will last a lifetime.**

**Camp Simcha Special for girls is June 26 – July 10, 2006;  
the boys' session is July 26 – August 7, 2006.**
